Birgit is Estonian and was born in Tartu in 1982. She graduated from Tartu Health Care College in 2006 as a registered nurse. She has worked her entire career with children in an intensive care unit. Since the last few years she has also been a lecturer in Tallinn health Care College. She always had an interest to help and care for animals so from 2017 she has also been working in PetCity Clinics as a head nurse and a member of hemodialysis team.

I look forward on seeing you in Tallinn in 2019!
