

Welcome

Dear potential sponsor / exhibitor,

We would like to formally invite you to become an exhibitor and/or sponsor of the European Veterinary Emergency and Critical Care (EVECC) Congress (www.evecc-congress.org), the Congress of European Veterinary Emergency and Critical Care Society (EVECCS) and European College of Veterinary Emergency and Critical Care (ECVECC).

Our growing annual congress represents a truly unique opportunity for our commercial partners. In this document, you will find the various opportunities available for sponsorship.

Here are some important facts about our annual EVECC Congress.

- Emergency and critical care is a rapidly evolving discipline in veterinary care in Europe and our congress has become the driving force in raising the standards of veterinary emergency and critical care across the continent.
- Our annual congress is one of the only meetings in the world exclusively dedicated to veterinary emergency and critical care. With lecture streams aimed at specialists in emergency and critical care, veterinarians in emergency and general practice, and veterinary nurses, we are well positioned to continue being the leading source of information and innovation in this area.
- Past congresses have attracted over 500 participants and the trend is constantly growing.
- Our scientific programme offers prominent world-renowned international speakers that share their extensive clinical experience and research.
- Abstract sessions and a poster session are organised to communicate the latest scientific achievements and discoveries.
- Upcoming proposed congresses will be held in:
 - Tallinn 6th – 8th June 2019
 - Belgium 2020
 - Porto, Portugal 2021
 - Vienna, Austria 2022
 - Romania 2023

In summary, our annual congress is *the* place to network with key opinion leaders and reach out to general practitioners. Veterinary Emergency and Critical Care is a vibrant, dynamic field that is rapidly expanding and pet owners are increasingly turning to their veterinarians with ever increasing demands in these specific areas of veterinary care.

Please do not hesitate to contact us if you should have any further questions.

We are looking forward to working with you and welcoming you in Tallinn 2019!

With best regards,

Céline Pouzot-Nevoret
President EVECCS
